It is difficult to believe that Quarter One is over next Thursday. We have had a wonderful start to this unique school year. Our in-person students are doing a great job of following our COVID safety protocols and are working hard in their classes. Currently, we have 247 students that are Remote Learning. We miss seeing them in the hallways, cafeteria and physically in the classroom, but they are doing a nice job of settling into their new style of learning, are working hard on their classwork and have figured out how to navigate their Zoom sessions.

With all of the things that students are navigating, it is more important than normal for families to be checking ParentVUE on a weekly basis to ensure that their student is completing all of their work and to monitor their grades. If you are unsure how to use the program or are confused by the new format, [HERE](#) is a video tutorial that will help you navigate through the app. Please call the Main Office if you have any questions or need assistance.

Important Quarter 2 Remote Learner Information

All students who selected remote learning at the beginning of the school year will continue in remote learning second quarter. On the remote learning request form, if you selected for your child to be in remote learning for just the first quarter, there is nothing you need to do to continue remote learning during second quarter. We will continue your child in remote learning. If you wish for your child to RETURN to school second quarter of in-person learning, please contact Park's Main Office.

No Work Study or Conduct Grades

For this school year, the District is omitting the work habits and conduct grading on Middle School report cards. This means that teachers will not enter anything in the work habits and conduct grades section. As usual, each teacher is expected to communicate with their students, as well as their parents/guardians, about their progress regarding work habits, conduct, and other pertinent information that would support their success as students.
